

MBIS SKI / SNOWBOARD TRIP option MYP1-5

February /

EXCITING FIELD TRIPS PLANNED

FIELD TRIP NEWS!

MYP Field trips

by Debbie Coomber, Secondary School Principal

Dear parents and students

Mercedes-Benz International School encourages students to participate on field trips which are carefully designed to be stimulating, fun and support the MYP curriculum.

All trips have been thoroughly planned to ensure the safety of the students. MYP field trips will take place towards the end of February /beginning of March 2014 during "trips week".

It is expected that all MYP students participate in the field trips on offer. These trips incorporate important aspects such as Community & Service (CS) elements which are integral to the IB MYP programme. MYP students who do not participate on the trips will be expected to make up any CS requirements in their own time in agreement with the CS Coordinator.

After a successful trips session with Khoj last academic year the MYP field trips will

again work with Khoj in their various locations.

Please complete and sign the trips form attached with this newsletter and submit on Registration Day with the rest of your documentation. If you require any further information I will be available during Registration Day to answer your queries.

For the first time, in addition to the regular field trips we are also introducing a Ski Trip to Switzerland as an alternative. As MBIS has no half term holiday Trips Week is the only solution to providing this facility during the ski season. Details follow later in this newsletter and you should sign up for this trip with the deposit should you want your child to attend this particular trip.

Parent meetings will occur in later this Semester to give full details with Khoj facilitators present to answer all of your queries.

Kind regards, Debbie Coomber

Cost of the Trip:

: Rs. 15,150

MYP2&3 Field Trip

Khoj - The Outbound Learning Expedition

Experiencing Mountains

Dehradun, Himalayas

Big Idea

- Through challenge and adventure in unfamiliar settings, we overcome physical, emotional and cognitive limitations, which helps us in seeing and experiencing possibilities and abundance in self and the world around. Engaging and meaningful experiences develop a new understanding which empower us for a creative and productive life. As a result the actions, thoughts and feeling that are invoked are of the highest potential and purity.
- Discovering that I am capable of doing lot more than I think. Developing confidence for life.

Focus Areas

- Mountains – Experiencing the mountains with all senses.
- Life skills -Developing life skills like how to keep oneself hydrated and warm, wilderness survival skills, cooking, pitching tents, working in crews, etc. Experiencing self-reliance, confidence and courage.

OUTDOORS!

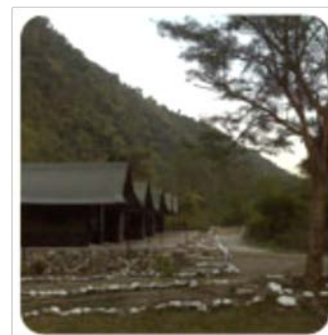

Activities

- o Crew Building
- o Wonderwalk
- o Bonfires
- o Rock climbing
- o Rapelling
- o Drama/Music
- o Overnight trekking & camping expedition
- o Cooking

CS Project

CS Project will include Farming project

The Camp

The camp is situated in a valley, surrounded by River Streams, Mountains, Water Fall and Jungle. It's an eco camp and gives you a feeling of peace and tranquility. The camp is located on the banks of River Song. It is 18km from Dehradun. It is the only camp to have a private lake with fresh running river water. The lake is kept in its natural state.

Transport

Dates

Saturday 1st March –
Thursday 6th March 2014.

Flights : Pune – Delhi- Dehradun

Cost: Rs.33,650/

MYP4&5 Field Trip

Khoj - The Outbound Learning Expedition

Jim Corbett National Park, Himalayas

Cycles and/or Trekking

Big Idea

Through challenge and adventure in unfamiliar settings, we overcome physical, emotional and cognitive limitations, which helps us in seeing and experiencing possibilities and abundance in self and the world around. Engaging and meaningful experiences develop a new understanding which empower us for a creative and productive life. As a result the actions, thoughts and feeling that are invoked are of the highest potential and purity.

Understanding the forest as a system and the interdependence and interconnectedness of forest, wildlife & man. How conserving one part leads to the conservation of all the other parts. Conservation is a systemic process – it's a way of life.

Focus Areas

- Forest – Experiencing the forest with all five senses.
- Self-awareness and development. Experiencing self-reliance and courage.
- Conservation & Systemic Thinking – what does it take to live sustainably?

Plus: Dhikala Jungle Safari Cost Rs. 675/- student for Indians & POI card Holders or Rs. 2600/- student for Foreigners & NRI

MBIS SKI/ SNOWBOARD TRIP option MYP1-5

Trip leader: Debbie Coomber
Secondary School principal

Ski/Snowboarding Trip for MYP1-5 students For beginner to expert skiers

Verbier, Switzerland

For the first time MBIS will run a ski/snowboarding trip to Verbier, Switzerland with Les Elfes International, a highly renowned company running ski trips for schools.

Many international schools within India are offering ski trips and we receive an increasing number of enquiries as to whether MBIS can offer this opportunity. Well here it is!

This trip is for 6 days of skiing/snowboarding and a 1 day cultural excursion. Ski school is provided for half days and guided skiing for 6 half days. 7 nights' accommodation is provided and students will stay in a Swiss style chalet in 2-6 bedded rooms with private bathroom. It includes full board with 4 meals a day. Students can choose to take ski or snowboarding lessons. The cost also includes fully organized après-ski activities such as ice skating, disco etc. Students also have free use of an indoor swimming pool and ice-skating rink. Les Elfes provide a 1:6 ratio of staff per students 24hrs per day and in addition we will send 1 MBIS member of staff per 10 students. This trip will be led by Ms. Coomber who is a competent skier.

Highlights

- Guaranteed snow from December to the end of April thanks to the high altitude of up to 3330 m, the 450 km of slopes and, more than 100 cable cars to take you to the best slopes.
- Fully qualified ski or snowboard instructors, all first aid qualified.
- Low ratio of students and instructors in ski and snowboard classes.
- Fully supervised after-ski activities and night activities with different activities each evening.
- High quality chalet accommodation, en-suite bathrooms with shower and toilet cleaned every day.

Facilities

Les Elfes provide two purpose built wood and stone chalets which follow the Swiss Alpine tradition and offer charm and comfort to guests. Both chalets are situated in green, peaceful surroundings and only five minutes from the centre of Verbier.

- Spacious dining rooms with an open-planned sitting room and an open fireplace leading onto a south facing terrace with a barbecue.
- Professionally equipped kitchens staffed by their own chefs – excellent vegetarian options are available.
- A library, games hall, cinema, music room (or discothèque)
- A permanently staffed and welcoming reception hall.

The trip would be for one week duration and the cost includes airfare; accommodation; ski school; ski pass; skis or snowboard, ski clothes, ski boots & helmet rental; airport transfers; full ski insurance. Optional - additional payment of 2.5% would be necessary if you require cancellation insurance.

NB: students participating on this trip will be required to complete CS during the academic year.

Dates

Transport: Bus to Mumbai; Air to Geneva; Coach to Verbier return.

Cost 2,17,621 Rupees (approx. dependent on exchange rate 'til time of booking)
